105 ILCS 5/2-3.64a-5

Amends the School Code. With respect to the administration of State assessments, provides that a student is not required to take a particular State assessment if that student's parent or guardian requests, in writing, that the student be excused from taking the State assessment. Requires the State Board of Education, by rule, to (i) determine the form of the request, (ii) ensure that no student, teacher, school, or school district is negatively impacted, through grades or evaluations, due to a student being excused from taking a State assessment, and (iii) ensure that students who are excused from taking a State assessment are offered supervised instructional or enrichment opportunities during the time the State assessment is being administered. Effective immediately.

State Mandates Fiscal Note (Dept. of Commerce & Economic Opportunity)

This bill does not create a State mandate.

Fiscal Note (State Board of Education)

HB 306 will have a minimal fiscal impact to the State. Cost may include but are not limited to: staff time to develop a form, promulgate rules, and ensure that students who are excused are offered supervised instructional or enrichment opportunities. The legislation may cause the State to lose over \$1 billion in federal funds if less than 95% of students participate in State assessments.

Pension Note (Government Forecasting & Accountability)

There is no discernible fiscal impact of any pension system associated with HB 306.

Balanced Budget Note (Office of Management and Budget)

This bill will have minimal impact to the State of Illinois. There could be a potential loss in federal funds by not meeting certain requirements through State assessments.

Land Conveyance Appraisal Note (Dept. of Transportation)

No land conveyances are included in this bill; therefore, there are no appraisals to be filed.

Housing Affordability Impact Note (Housing Development Authority)

This bill will have no effect on the cost of constructing, purchasing, owning, or selling a single-family residence.

State Debt Impact Note (Government Forecasting & Accountability)

This bill would not change the amount of authorization for any type of State-issued or State-supported bond, and, therefore, would not affect the level of State indebtedness.

Judicial Note (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Correctional Note (Dept of Corrections)

There are no penalty enhancements associated with this bill. The bill would have no fiscal or population impact on the Department of Corrections.

Home Rule Note (Dept. of Commerce & Economic Opportunity)

This bill does not pre-empt home rule authority.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Reinserts the introduced bill with the following changes. Requires the State Board of Education to ensure that the State Board, regional superintendents of schools, and school boards take no negative action against a student, school, school district, or district employee (rather than ensuring that no student, teacher, school, or school district is negatively impacted), through grades or evaluations, due to a student being excused from taking a State assessment. Provides that once each school year, before any State assessments are administered, a school district shall communicate with the parents and guardians of students to explain the right to opt out of a particular State assessment and shall make opt-out forms available. Provides that neither the school district, nor any teacher or school in the district, may issue additional official correspondence to students or their parents or guardians about the right to opt out. Requires a school district to accept any letter expressing a parent's or guardian's intent for his or her child to be excused from taking a particular State assessment in lieu of the opt-out form as long as the letter is signed by the parent or guardian. Prohibits a school district and its teachers, principals, and other administrators from encouraging or discouraging students or their parents or guardians, either individually or collectively, to opt out of State assessments. Requires the State Board to determine appropriate sanctions for a violation of this prohibition. Effective immediately.

Correctional Note, House Floor Amendment No. 2 (Dept of Corrections)

**HB 00306 (CONTINUED)**

There are no penalty enhancements associated with this bill. The bill would have no fiscal or population impact on the Department of Corrections.

State Debt Impact Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)

Pension Note, House Floor Amendment No. 2 (Government Forecasting & Accountability)

HB 306 (H-AM 2) will not impact any public pension fund or retirement system in Illinois.

Judicial Note, House Floor Amendment No. 2 (Admin Office of the Illinois Courts)

This bill would neither increase nor decrease the number of judges needed in the State.

Balanced Budget Note, House Floor Amendment No. 2 (Office of Management and Budget)

This bill will have a minimal impact to the State of Illinois. There could be a potential loss in federal funds by not meeting certain requirements through State assessments.

Fiscal Note, House Floor Amendment No. 2 (Illinois State Board of Education)

HB 306 (H-AM 2) will have an unknown fiscal impact to the State. Costs may include but are not limited to: staff time to develop a form, promulgate rules, and ensure that students who are excused are offered supervised instructional or enrichment opportunities and costs associated with enforcement and monitoring of the requirements. School districts will incur costs for supervision of students that opt-out and for providing supervised instruction and enrichment opportunities. 105 ILCS 5/27A-8

105 ILCS 5/27A-9

Amends the Charter Schools Law of the School Code. Removes provisions allowing the State Charter School Commission to reverse a school board's decision to deny, revoke, or not renew a charter; makes related changes. In a provision concerning a charter school proposed to be jointly authorized by 2 or more school districts and the school boards unanimously denying the charter school proposal with a statement that the school boards are not opposed to the charter school, but that they yield to the Commission in light of the complexities of joint administration, allows the charter applicant to submit the proposal to the Commission and requires the Commission to follow the same process and be subject to the same timelines for review as a school board.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Reinserts the contents of the bill as introduced, with the following changes. Provides that if a charter school applicant submits a proposal to a school board outside of the process adopted by that school board for receiving charter school proposals on an annual basis, the applicant shall not have any right to submit its proposal to the State Charter School Commission as otherwise authorized. Allows the Commission to approve a charter school proposal or application for a charter if certain conditions are met. Provide that the Commission may condition approval of an application on the acceptance of funding in an amount less than requested. Provides that final decisions of the Commission are subject to judicial review under the Administrative Review Law. Provides that if the Commission approves an application for a charter, then the Commission shall act as the authorized chartering entity. Provides that if the Commission is the authorized chartering entity, then the Commission shall execute a charter agreement (instead of approve the charter agreement). Provides that the Commission has no authority to approve a charter school proposal that has been denied by a school board. Adds an immediate effective date.

Amends the Workers' Compensation and Employer's Liability Rates Article of the Illinois Insurance Code. Provides that a rate is excessive if it is likely to produce a long run profit that is unreasonably high for the insurance provided or if expenses are unreasonably high in relation to the services rendered (instead of providing that a rate in a competitive market is not excessive and a rate in a noncompetitive market is excessive if it is likely to produce a long run profit that is unreasonably high for the insurance provided or if expenses are unreasonably high in relation to the services rendered). Provides for prefiling (rather than filing) of rates with the Director of Insurance and makes other changes regarding rate filings and disapproval of rate filings. Provides that, if an insurer has no legally effective rates as a result of the Director's disapproval of rates or other act, the Director shall, on request of the insurer, specify interim rates for the insurer that are high enough to protect the interests of all parties and may order that a specified portion of the premiums be placed in an escrow account approved by the Director, and, when new rates become legally effective, the Director shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds to policyholders that are de minimus shall not be required. Provides for a review of workers' compensation premium rates by the Director of Insurance and for a refund of excessive premium. Repeals provisions regarding presumptions that a competitive market exists, determining whether a competitive market exists, and disapproval of rates under specified circumstances. Amends the Workers' Compensation Act. Provides for safety programs and return to work programs. Requires a recalculation of premium rates in connection with those programs. Authorizes waiver of certain fees with respect to self-insured employers who implement the programs.

Defines "in the course of employment" and "arising out of the employment". Provides that where an employee is required to travel away from his or her employer's premises in order to perform his or her job, the traveling employee's accidental injuries arise out of and in the course of his or her employment when the conduct in which he or she was engaged at the time of his or her injury is reasonable and when that conduct might have been anticipated or foreseen by the employer.

**HB 01287 (CONTINUED)**

Amends the Workers' Compensation Act. Provides that any accidental injury which results from repetitive or cumulative trauma and occurs within 3 months after the employee begins his or her employment shall not be considered by a workers' compensation insurer in setting the premium rate for the employer. Sets forth provisions providing that if an award is made for benefits in connection with repetitive or cumulative injury resulting from employment with more than one employer, the employer liable for award or its insurer is entitled to contributions or reimbursement from each of the employee's prior employers or their insurers for the prior employer's pro rata share of responsibility. Provides that after the Illinois Workers' Compensation Commission or the Arbitrator has made an award for benefits in connection with repetitive or cumulative injury, the employer liable under the award or its insurer may institute proceedings before the Commission for the purpose of determining the right of contribution or reimbursement. Provides that the proceeding shall not delay, diminish, restrict, or alter in any way the benefits to which the employee or his or her dependents are entitled, but shall be limited to a determination of the respective contribution or reimbursement rights and the responsibilities of all the employers joined in the proceeding.

40 ILCS 5/3-124.1 from Ch. 108 1/2, par. 3-124.1

Amends the Downstate Police Article of the Illinois Pension Code. Provides that if a person who is receiving a police pension becomes employed as a chief of police, the person must so notify the pension fund paying the pension and any other fund in which the person has service credit, and the pension shall be suspended until the employment as chief terminates; if the person elects to participate in IMRF, the person must also notify IMRF of those police pension funds. Provides that if a person who is receiving a police pension enters service as a police officer with a different municipality, the person must so notify the pension fund paying the pension, and the pension shall be suspended until the service terminates. Applies to persons who first enter service after the effective date of this amendatory Act.

House Floor Amendment No. 1

Replaces everything after the enacting clause with the bill as introduced, plus the following change: Provides that notwithstanding the other amendatory provisions, if a person is receiving pension payments under the Article and enters active service as a police officer under the Article with a different municipality, he or she is not subject to the added notification requirements and is not subject to suspension of pension payments while in that active service, if that different municipality had a population of less than 6,000 at the time of the return to active service, as determined from the best available census data.

Amends the Condominium Property Act. 625 ILCS 5/11-503 from Ch. 95 1/2, par. 11-503

Amends the Illinois Vehicle Code. Provides that every driver shall report to the Secretary of State any medical condition that is likely to cause loss of consciousness, seizures, or any loss of ability to safely operate a motor vehicle within 10 days of the driver becoming aware of the condition. Includes seizures within the standard of physical disorders characterized by momentary or prolonged lapses of consciousness or control which constitute a limitation to a person's ability to operate a motor vehicle or causes the person to be a driving hazard. Provides that a person commits reckless driving when he or she knowingly drives a vehicle when that person has, within the preceding 36 months, experienced a loss of consciousness or a seizure that would interfere with the ability to safely operate a vehicle. Provides that a person does not commit reckless driving if he or she has been treated by a physician for the loss of consciousness or seizure, and that physician has advised the person that he or she may operate a vehicle. Effective January 1, 2016.

House Committee Amendment No. 1

Provides that a person commits reckless driving if he or she knowingly drives a vehicle when that person has, within the preceding 6 months (rather than 36 months), experienced a loss of consciousness or a seizure that would interfere with his or her ability to safely operate a vehicle, unless the person's condition is controlled by medical treatment or medication.

Senate Floor Amendment No. 1

Replaces everything after the enacting clause. Amends the Illinois Vehicle Code. Reinserts the provisions of the engrossed bill with a change providing that a person commits reckless driving if he or she knowingly drives a vehicle when the person has been diagnosed with a seizure (regardless of whether that person has experienced a seizure within the preceding 6 months) that would impair the ability of the person to safely operate a vehicle and the person has been instructed not to drive a vehicle by a physician.

New Act

Creates the Automated License Plate Recognition System Act. Defines "automated license plate recognition system" and limits the use of such systems to use by law enforcement personnel and their agencies for use in an ongoing investigation. Provides that data collected from use of the system may only be kept for 30 days after it was obtained unless necessary for an ongoing investigation. Provides that a violation of the Act is a Class A misdemeanor.

House Committee Amendment No. 1

Replaces everything after the enacting clause. Creates the Freedom from Automatic License Plate Reader Surveillance Act. Provides that a person acting under the color of State law may not use any automatic license plate reader system (ALPR system) except (1) for electronic toll collection; (2) for traffic enforcement; (3) by parking enforcement entities for regulating the use of parking facilities; (4) for controlling access to secured areas that have clear boundaries, entry only through specific controlled points, and limited access; (5) for the purpose of conducting criminal investigations upon an officer's determination that the vehicles or individuals associated with the license plate numbers are relevant and material to an ongoing criminal investigation; or (6) by law enforcement agencies for the comparison of captured plate data with information contained in databases maintained by the Secretary of State of this State or by federal, State, or local law enforcement agencies, and with license plate numbers that have been manually entered into an ALPR system upon an officer's determination that the vehicles or individuals associated with the license plate numbers are relevant and material to an ongoing criminal or missing person investigation, for the purpose of identifying: (A) vehicles that are stolen, or in violation of any registration or inspection requirements; (B) persons who are missing, or the subject of an arrest warrant, look-out order, traffic citation, or parking citation; or (C) vehicles that are relevant and material to an ongoing criminal investigation.

House Floor Amendment No. 3

Adds reference to:

5 ILCS 140/7

from Ch. 116, par. 207

Replaces everything after the enacting clause. Reinserts the provisions of House Amendment No. 1. Provides that an ALPR system may be used for enforcement of violations for non-payment of tolls. Provides that ALPR system captured plate data is not subject to disclosure under the Freedom of Information Act, unless the disclosure is consented to in writing by the individual subjects of the information. Deletes provision that limits the obtaining, receipt, or use by a law enforcement agency of privately-held captured plate data for criminal investigations to a court order only if the law enforcement agency offers specific and articulable facts showing that there are reasonable grounds to believe that the captured plate data is relevant and material to an ongoing criminal or missing person investigation or criminal prosecution. Provides that a law enforcement agency or defendant in a criminal case may apply for a court order for disclosure of private ALPR captured plate data if a warrant is issued for a forcible felony, including first degree murder and child abduction, which shall be issued by any court of competent jurisdiction if the law enforcement agency or defendant in a criminal case offers specific and articulable facts showing that there are reasonable grounds to believe that the captured plate data is relevant and material to an ongoing criminal or missing persons investigation or criminal prosecution. Provides that the plate data may be retained for 30 months (rather than 30 days). Amends the Freedom of Information Act to make conforming changes.

Amends the Medical Assistance Article of the Illinois Public Aid Code. In a provision requiring the Department of Healthcare and Family Services to report to the General Assembly on the progress and implementation of the care coordination program initiatives established under the Code, provides that the Department shall submit such information beginning April, 2012 (rather than beginning April, 2012 until April, 2016). Provides that the progress reports shall include, but need not be limited to, certain data and information, including: (i) the total number of individuals covered under the medical assistance program; (ii) the total number of individuals enrolled in coordinated care; (iii) a breakdown of the individuals enrolled in coordinated care by medical assistance enrollment category; and (iv) a breakdown of the number of individuals enrolled in coordinated care by the type of coordinated care model.

House Floor Amendment No. 1

In a provision listing the data and information to be included in the Department of Healthcare and Family Services' annual report to the General Assembly on the progress and implementation of the care coordination program, removes the following information and data: (1) the number of individuals enrolled in coordinated care who are enrolled under an entity that is paid through a fully capitated payment arrangement; and (2) information showing migratory behavior between different coordinated care delivery systems and also between the fee-for-service system and the coordinated care delivery systems, including the extent to which individuals auto-enrolled into a coordinated care delivery system opt out of coverage through the assigned entity.

This bill does not create a State mandate.

Fiscal Note, House Committee Amendment No. 1 (Dept. of Central Management Services)

The Department of Central Management Services is unable to project a fiscal impact associated with this proposed legislation due to the following factors: (A) The rapid change of the automobile industry; (1) Which manufacturers offer VIN numbers 1/2/4/5 may change frequently; (2) Each vehicle purchase is unique in the type of vehicle that is needed - pickup truck versus a sedan versus economy car versus a hybrid, etc; (B) The amount of vehicles purchased in any given fiscal year is dependent upon need and adequate cash flow, which is especially unpredictable. (C) In general, any limitation on the potential universe of bidders will serve over time to increase costs.

705 ILCS 405/5-415

Amends the Juvenile Court Act of 1987. Provides that an alleged juvenile delinquent must be brought before a judicial officer within 24 hours to determine further custody, and that an initial hearing shall be no later than the following morning when the juvenile arrived in placement, including weekends and holidays. The 24 hour period will not begin until the juvenile is released from the hospital or treatment center, if the juvenile is hospitalized or receiving treatment. If false information is given by the juvenile as to age, the 24 hour period will begin once it is determined that the juvenile is subject to this Act. The 24 hour period shall be paused to allow the juvenile's legal counsel time to prepare upon a motion filed with the court.

725 ILCS 202/42 new

Amends the Sexual Assault Evidence Submission Act. When a consistent DNA profile has been identified from submitted sexual assault evidence, the Department of State Police shall notify the investigating law enforcement agency of the match, and the Department shall track and maintain a record of its notification of, and the follow up by, the investigating law enforcement agency. The record maintained by the Department shall also document any written request, from the Department to the investigating law enforcement agency, seeking the submission of an additional DNA standard for a comparison analysis or confirmatory forensic analysis, and whether the investigating law enforcement agency has complied with those requests. If, after 60 days, the investigating law enforcement agency fails to comply with any request for an additional DNA standard, then the Department shall send a second written request to both the investigating law enforcement agency and the county Sheriff of the county where the agency is located. The Department shall maintain a record of the percentage of cases in which an additional DNA standard is submitted by the investigating law enforcement agency for a comparison analysis or confirmatory forensic analysis. Beginning June 1, 2016, each law enforcement agency must conduct an annual inventory of all sexual assault cases in the custody of the law enforcement agency and provide written notice of its annual findings to the Department. The Department shall compile and report the findings of each inventory under the Act. Requires the Department of State Police to file annual and quarterly reports regarding sexual assault evidence submissions. Effective immediately.

House Floor Amendment No. 2

Replaces everything after the enacting clause. Replaces the provisions in the introduced bill with the following. Amends the Sexual Assault Evidence Submission Act. Provides if a consistent DNA profile has been identified in a sexual assault case by comparing the submitted sexual assault evidence with a known standard from a suspect or with DNA profiles in the CODIS database, the Department of State Police shall notify the investigating law enforcement agency of the results in writing, and the Department shall provide an automatic courtesy copy of the written notification to the appropriate State's Attorney's Office for tracking and further action, as necessary. Beginning June 1, 2016 or on and after the effective date of this amendatory Act, whichever is later, each law enforcement agency must conduct an annual inventory of all sexual assault cases in the custody of the law enforcement agency and provide written notice of its annual findings to the State's Attorney's Office having jurisdiction to ensure sexual assault cases are being submitted as provided by law. Beginning January 1, 2017 and each year thereafter, the Department of State Police shall publish a quarterly report on its website, indicating a breakdown of the number of sexual assault case submissions from every law enforcement agency. Effective immediately.

Proposes to amend the Legislature Article of the Illinois Constitution. Provides that the boundaries of Legislative and Representative districts may be separate. Requires that both types of districts, in addition to being compact, contiguous, and substantially equal in population, must reflect minority voting strengths, promote competition, and consider political boundaries. Replaces the current method of redistricting of the Senate and House of Representatives with the following: an 8-member Independent Redistricting Commission, appointed by the Chief Justice and the most senior Justice of the Supreme Court who is not affiliated with the same political party as the Chief Justice, shall hold at least 15 public hearings throughout the State before adopting any redistricting plan; requires the Commission to adopt a report explaining the compliance of the proposed redistricting plan with the U.S. and Illinois Constitutions; and provides for the Chief Justice of the Supreme Court and the most senior Justice of the Supreme Court who is not affiliated with the same political party as the Chief Justice to appoint a ninth member to the Commission, if the Commission fails to adopt and file a redistricting plan by the required date. Specifies the schedule for redistricting activities. Effective upon being declared adopted and applicable to redistricting beginning in 2021 and to the election of General Assembly members beginning in 2022.

House Floor Amendment No. 3

Replaces everything after the heading with provisions of the Resolution as amended by House Amendment 2 with the following changes: Changes the public notice period for meetings of the Independent Redistricting Commission to 7 days (now 5 days). Adds a requirement that at least 5 of the 15 required public hearings must be held after the Commission releases any proposed redistricting plan. Provides that the Commission cannot vote to approve a proposed redistricting plan until at least 7 days after the release of the proposed redistricting plan.
